Announcer

(deprecated after 1.6)

Set your game announcer here. Currently this feature supports up to 10 events that will trigger these sounds.

Notes: For announcer combos, higher hit sounds override lower hit sounds. Example: If you have sounds for 10 hits combo and 20 hits combo, if the combo ends at 21, only the 20 hits combo will be played.

Code access:

UFE.config.announcerOptions

Code example:

UFE.PlaySound(UFE.config.announcerOptions.fight);
